## **NSA Offers Live Enrolled Agent Exam Review Course**

ALEXANDRIA, VA, June 4, 2015 — The National Society of Accountants (NSA) is offering an intensive live NSA Enrolled Agent (EA) Exam Review Course August 7-9, 2015, in Minneapolis, MN. Designed to give tax professionals the best opportunity to pass the EA exam on the first try, the course provides in-depth review of all the key components of the exam.

Enrolled Agents (EAs) are authorized to represent taxpayers before the IRS and tax professionals who hold the EA credential can command higher fees. They must pass a three-part IRS exam covering individual and business tax returns, adhere to ethical standards, and complete 72 hours of continuing education courses every three years.

“When we offered this course last year, we received rave reviews from many attendees who said it delivered the knowledge they needed and motivated them to study even harder,” said NSA Executive Vice President John Ams. “We heard back later from many of them who successfully passed the exam and they credited the course as the key element in their preparation.”

The NSA course includes 24 hours of review on the following dates and times:

- Friday, August 7: Part 1: Individuals
- Saturday, August 8: Part 2: Businesses
- Sunday, August 9: Part 2 continued (morning). Part 3 (afternoon):  
Representation, Practices and Procedures.

The course will be taught by two leading experts:

- John O. Everett, CPA, Ph.D., Professor Emeritus of Accounting at Virginia Commonwealth University in Richmond, VA. His teaching specialty is federal taxation. Everett has authored or co-authored over 90 articles in academic and professional journals and is the coauthor of several textbooks, including *CCH Practical Guide to Schedule M-3 Compliance*, *The HBJ Federal Tax Course*, *Income Tax Fundamentals*, and *Tax Planning with the Computer*.
- Bill Duncan, CPA, Ph.D, Associate Professor of Accounting at Arizona State University. He was formerly a Director with Ernst & Young where he guided tax education for the firm. Duncan is the author or co-author of three textbooks and has published a number of articles on a variety of tax topics in publications including *Taxes*, *The CPA Journal*, and *The Journal of the American Taxation Association*. He has taught in the AICPA National Tax Education program for over 20 years.

Detailed study notes will be provided for each topic, including figures and charts that prove the old adage that “. . . a picture is worth a thousand words.”

Hundreds of past exam questions from the open-exam era and many more potential questions on newer topics are incorporated into the study notes and each is reviewed in class so the real exam itself will look like an old friend. Study tips, tricks and shortcuts are a staple of this course.

Participants will also receive:
